## ◆ Definition of “Personal Information”

Personal information is defined as any information that can identify a specific individual, such as address, name, telephone number, e-mail address etc. provided to us through our website.

## ◆ Restrictions on Collecting Personal Information

When our website collects personal information, we explicitly state the purpose for the collection and collect only the information necessary in relation to the aforementioned purpose. In principle, we only collect information that has been provided (entered) by the customers themselves.

## ◆ Appropriate Handling of Personal Information

Personal information collected through our website shall be properly managed through physical, technical, and organizational safeguards to prevent loss, theft, or misuse. Personal information that is also no longer needed shall be promptly and securely disposed of.

## ◆ Restrictions on the Use and Provision of Personal Information

Personal information collected through our website shall not be used for any other purpose other than that for which it was collected. Such information shall not be provided to any outside parties.
